

Re: 02-278, I am opposed to more federal control of issues that are already being handled at the state level. Here in Indiana, I placed my name on the atty. general's "Do Not Call" list, and saw a dramatic decrease in calls from telemarketers. Federal legislation which would not only override, but dilute the state legislation is not the answer. Also, the sovereignty of individual states is once again pre-empted should this legislation pass.

Sincerely,
Mark A Aspinall
